

## FEATURES:

- Virtually unlimited supply of water without the hassles of bottles.
- All water connection fittings are John Guest and approved to NSF standard 41.
- ABS UV resistant plastic shell resists cracking and fading and is easy to clean.
- Available in Charcoal and Silver or White and Silver.
- Frame is constructed of powder coated rigid galvanized mild steel.
- Temperature choices of Hot and Cold or Room Temperature and Cold.
- Push button dispensing. No faucets! No contamination!
- Built in dual stage purification system is commercial-grade and quick connect housings makes filter changes a snap.
- Cold water reservoir is completely sealed and tamper-proof. Adjustable cold water thermostat also available. Perfect for high volume applications.
- Direct Chill system eliminates need for a reservoir, a potential breeding ground for bacteria. Made from Type 304 stainless steel, the direct chill coil holds 40 degree chilled water under pressure for on demand consumption. Adjustable cold water thermostat.
- Hot tank is constructed of Type 304 stainless steel and factory preset at approx. 188 degrees perfect for instant hot beverages and soups. Hot tank switch allows isolation of hot tank without interruption of cold water supply.
- Easy access panel on front of cooler allows for easy and convenient filter replacements.
- Convenient top loading and dispensing cup holder. No more wasted cups!

## SPECIFICATIONS:

**Weight:** approximately 55 lbs.

**Dimensions:** 13.5" W x 14.75" D x 39.5" H

**Direct Chill Coil Volume:** 13.5 oz.

**Cold Tank Volume:** 128 oz. (1 gallon)

**Hot Tank Volume:** 51 oz.

**Electrical:** 110V 60Hz 5 amps Hot and Cold, 1.5 amps Room Temp and Cold

**Water Valves:** 24V DC electrical solenoid valve.

**Refrigeration:** R-134a.  
UL and CE certified

## PURIFICATION SYSTEM:

**Stage 1:** 10-micron sediment filter 3000-gallon capacity.

**Stage 2:** 1 micron Activated Carbon filter 1500-gallon capacity.

*Automatic water shutoff valve in stage 1 filter head for easy filter change.*

## WARRANTY:

One year on sealed refrigeration system and most component parts.
